

Manufacturer Declaration

ELAFLEX HIBY GmbH & Co. KG

Schnackenburgallee 121
D - 22525 Hamburg
Germany

European REACH Regulation 1907/2006/EC (Registration, Evaluation, Authorisation and Restriction of Chemicals)

Regulation 1907/2006/EC regulates the manufacturing, the placing on the market and the use of chemical substances and any mixtures made thereof. ELAFLEX HIBY does not manufacture or supply chemical substances or mixtures, but rather industrial products like hoses, nozzles, expansion joints and fittings.

In terms of the REACH Regulation, our products are articles. According to REACH article 33, suppliers of articles are obliged to provide their recipients with information in case the article supplied contains a substance included in the currently valid REACH Candidate List (SVHC list) above a concentration of 0.1 % weight by weight (w/w). In 2018, lead (CAS 7439-92-1 / EINECS 231-100-4) was added to the SVHC Candidate List.

This is to inform you that we process the following metals in which lead might be present in a concentration above 0.1 % weight by weight: CW614N, CW617N, CW710R, CC754S, CC499K, CC491K, CC483, AC 46200 (AlSi8Cu3), AC 47000 (AlSi12Cu) and 11SMnPb30. The products made from these materials will be listed in the SCIP- database and an overview will be available soon.

Our suppliers of rubber and plastic products have confirmed that no substances appearing on the REACH Candidate List (SVHC) are present in our products or the maximum allowable concentration of 0.1 % weight by weight (w/w) is complied with, with the exception of Rubber Expansion Joint type ERV-GR (SCIP-Reference No.: 6a7a679a-0f1e-46a1-b418-4afb2719613b).

Hamburg, 18. October 2024
